

# **Central Valley Flood Protection Board Public Meeting**

**January 26, 2018**

## **Briefing Summary**

### **Update on Implementation of the 2017 Central Valley Flood Protection Plan Update**

#### **1.0 Implementation Road Map**

Staff is preparing an update to the Implementation Road Map to reflect the latest direction on Central Valley Flood Protection Plan implementation efforts and schedules, considering feedback from stakeholders received over the past few months. Staff is preparing a staff report that will accompany the Road Map update for presentation to the Board at the February Board meeting.

It is anticipated that the updated Road Map will focus on two Board priorities:

1. Substantially improve operation and maintenance of State Plan of Flood Control (SPFC) levees, and
2. Explore development of a sustainable new or existing revenue source to fund levee operation and maintenance annually on an ongoing basis and in perpetuity

#### **2.0 Coordinating Committee Meeting, January 24, 2018**

Staff will provide an overview of presentations and discussion from the January 24, 2018 Coordinating Committee meeting. Presentations and discussions are scheduled to cover Operation, Maintenance, Repair, Replacement, and Rehabilitation (OMRR&R) topics including legal framework, history, overview, and approaches of local maintaining agencies.
