

Central Valley Flood Protection Board Meeting
March 23, 2018

INFORMATIONAL BRIEFING

Permit and Inspection Fee Program Introduction

Preston Shopbell, Chief, Inspection Section

BRIEFING SUMMARY

CVFPB staff will introduce proposed permit and inspection fees authorized by Water Code Section 8535 as part of a revenue plan required for continued funding of staff needed to carry out mission critical objectives. These mission critical objectives include permitting, enforcement, inspections, and Central Valley Flood Protection Plan implementation. The briefing will include background information regarding a recent budget change proposal, a partial list of similar agencies imposing regulatory fees, a proposed fee schedule summary, and a program implementation overview.
