

Central Valley Flood Protection Board Meeting

INFORMATIONAL BRIEFING

The Delta Levees Subventions Program, Ability to Pay (ATP)
Robert Charney, Department of Water Resources

Informational briefing to provide a status update on the Department of Water Resource Delta Levees Program efforts on Ability to Pay requirements in the California Water Code.

BRIEFING SUMMARY

Staff from the Department of Water Resource Delta Levees Program will provide an informational briefing on the status of efforts to assess local agencies' Ability to Pay (ATP) and eligible cost share for Subventions reimbursements as required by Water Code §12986. DWR staff will present a brief history of various methods to establish ATP in the past, a discussion of recent inquiries and efforts on ATP, and then spend the bulk of time presenting a high-level overview of a new methodology that is in the early stages of development. Ability to Pay (ATP) requirements in §12986 of the Water Code are currently scheduled to sunset on July 1, 2018 unless the sunset is extended.
