

Executive Officer Delegation Report

Posted on 9/3/2014

Meeting Date: 09/26/2014

Number of Applications Scheduled: 5

App No	Applicant	Location Description	County	Stream	Project Description	LMA Endorsement	CEQA Finding
16095-1	The Wong Family Revocable 1991 Trust	The project is located in the City of Sacramento (Pocket Area) on the left bank levee of Sacramento River at approximately Levee Mile 4.02 of Maintenance Area No. 9.	Sacramento	Sacramento River	This is a name change permit that includes conditions that are consistent with current flood control standards and policies of the Central Valley Flood Protection Board. Permit 16095, 16095 (Revised), and 16095 (Revised-A), were all issued to Ellis and Frances Silva, the last being on April 11, 2000, and authorized the construction of a 6-foot- high chain link fence and gate across the slope and crown of the left bank levee of the Sacramento River.	Maintenance Area 9	This action does not have the potential for resulting in either a direct physical change in the environment or a reasonably foreseeable indirect physical change in the environment and thus is not a "project" for purposes of the California Environmental Quality Act (Public Res.Code § 21065; Guidelines § 15378(a)).
<b>Issued</b>							
18955	John Romanini and Sons	The project is located southeast of the intersection of Freeborn Road and Adohr Road in Buttonwillow.	Kern	Kern River	To drill and construct an agricultural well with an electric motor in the northwest corner of the property within the Kern River Designated Floodway.	N/A	The Board determined that the project is categorically exempt from CEQA under a Class 3 Categorical Exemption (CEQA Guidelines Section 15303) covering new construction of small facilities.
<b>Issued</b>							
18960	Dalvir Gill	The project is located at 1082 Simpson Lane in Marysville.	Yuba	Yuba River	To plant 7+/- acres of peach orchard on the right bank of the Yuba River Designated Floodway.	Marysville Levee District	The Board determined that the project is categorically exempt from CEQA under a Class 3 Categorical Exemption (CEQA Guidelines Section 15303) covering new construction of small facilities and a Class 4 Categorical Exemption (CEQA Guidelines Section 15304) covering minor alteration of land.
<b>Issued</b>							
18961	Henry Miller Reclamation District	The project is located on the east bank of the Eastside Bypass approximately 13 miles northeast of Los Banos, CA.	Merced	Eastside Bypass	To remove an existing 48-inch corrugated metal pipe siphon and manhole and replace it with two parallel 54-inch rubber gasket reinforced concrete pipe siphons in the East Side Bypass Channel.	Lower San Joaquin Levee District	The Board determined that the project is categorically exempt from CEQA under a Class 2 Categorical Exemption (CEQA Guidelines Section 15302) covering replacement of an existing facility.
<b>Issued</b>							
18963	Robert Scurria	The project is located approximately 0.4-miles northwest from the River Road / Butte Slough Road intersection and north of the City of Colusa.	Colusa	Sacramento River	To sleeve an existing 30-inch diameter corrugated metal pipe with a 10-inch diameter steel pipe and grouting the annular space through the left (north) levee of the Sacramento River at Levee Mile 6.05. The existing pipe is shown on the Corps' as-constructed drawing No. 50-4-1514-3 and is referenced in the Corps' O&M Manual (Unit No.136). The existing pipe was subsequently authorized by Automatic Board Order No. 9514 along with several other encroachments.	Sutter Maintenance Yard	The Board determined that the project is categorically exempt from CEQA under a Class 1 Categorical Exemption (CEQA Guidelines Section 15301) covering minor alteration of an existing facility.
