

Meeting Date: 09/23/2016

Number of Applications Scheduled: 2

App No	Applicant	Location Description	County	Stream	Project Description	LMA Endorsement	CEQA Finding
14037-1	Sprint Communications Company L.P.	The project is located along the east bank of the Feather River's western boundary of Marysville.	Yuba	Feather River	An existing Sprint fiber optic line is in conflict with proposed levee improvements in Phase 2A of the MRL Project, and needs to be relocated. Approximately 4,500 feet of two, 2" conduits carrying fiber optic cable will be installed along the length of the eastern Feather River Levee on the west side of the City of Marysville. The existing cable is directly buried in the soil, and will be removed where it conflicts with proposed improvements, and abandoned in place where it does not conflict.	Marysville Levee District	The Board has determined that the project is categorically exempt from CEQA under a Class 1 Categorical Exemption (CEQA Guidelines Section 15301) covering minor alterations of existing facilities.
17965-1	Stix Development	The project is located in the City of West Sacramento at 990 River Crest Drive, lot 4.	Yolo	Sacramento River	This is a "name change" permit only and includes conditions that are consistent with current flood control standards and policies of the Central Valley Flood Protection Board. This permit supplements Permit No. 17965 that was issued to Gregory Lutz on July 11, 2005, to construct a 3,670 square foot residence on the right (west) bank overflow area (Lighthouse Marina) of the Sacramento River.	Maintenance Area 4	The proposed action is a name change and not a "project" pursuant to the Public Resources Code Section 21065 and CEQA Guidelines Section 15378(a) covering projects.
