

# CENTRAL VALLEY FLOOD PROTECTION BOARD

## Executive Officer

### Board Administration Report September 28, 2018

#### Ongoing Operations

- EO Gallagher signed two Local Cooperation Agreements (LCA) for RD 150 and RD 2060 for erosion repair work on the Sacramento River Flood Control Project from the 2017 high water events.
- EO Gallagher signed two Flood System Repair Program O&M Agreements (FSRP) for the Marysville Levee District and LD1-Sutter County for Levee Patrol Road Gravel Repair Project.
- On August 31, and September 12, EO Gallagher, D. Suen, and M. Wright attended facilitated coordination meetings with the SAFCA/DWR/USACE Supplemental Funding group designed to coordinate all outstanding projects that were fully funded by the Supplemental Funding the USACE Sacramento District received earlier this year. Once a schedule is established, the Board will be briefed on these projects and deliverables and updated regularly as the construction moves forward. The Board's role will include coordination with SAFCA to remove in advance all encroachments along the construction footprint.
- As noted in the PIC Branch EO report, LMA meetings have begun with the support of the Board members assigned to the Local Funding Committee. President Edgar and Secretary Dolan have participated in a number of meetings with LMAs as part of the Local Maintaining Agency Pilot Program as part of the 2017 CVFPP Update implementation.
- The Coordinating Committee meeting was held Wednesday, September 26, 2018 in West Sacramento. Board President Edgar, Board Member Macdonald and Secretary Dolan were in attendance with M. Wright, J. Dua and R. Darling. The discussion included a legislative update, Local Perspectives on Periodic Inspection Reports, an update on the CVFPB LMA Pilot Program, and an update on the Flood Maintenance Assistance Program by DWR.

## Recent Events

- During the week of September 4-7, EO Gallagher, along with Secretary Dolan and Board member Countryman, and staff A. Buckley, M. Wright, D. Suen and G. Harvey attended the annual Floodplain Management Association Conference in Reno, Nevada. President Edgar was scheduled to speak, but was unable to attend due to a family emergency, so Secretary Dolan stepped forward to speak on the panel on Investing in California's Flood Future. the weekly DFM/CVFPB Strategic Implementation Meetings. L. Gallagher and A. Buckley also attended the CA/NV/HI annual meeting of the USACE Silver Jackets team. A briefing and updates on the Silver Jackets projects will be provided to the Board at an upcoming meeting.
- On September 20, Secretary Dolan and EO Gallagher attended the Water Education Foundation's 35<sup>th</sup> Annual Water Summit in Sacramento. Topics included drought, flood and wildfire in climate change, challenges in the headwaters, Colorado River and Delta challenges, and the right to water.

## Board News

- The Operations Branch Chief position has been filled. Enforcement Section Chief Kelly Soule was selected to fill this position and she will begin in this capacity on October 8. In the interim, she continues to fill that role on an acting basis. Congratulations Kelly!
