

Meeting Date: 10/26/2018

Number of Applications Scheduled: 4

App No	Applicant	Location Description	County	Stream	Project Description	LMA Endorsement	CEQA Finding
17186-1	James & Tammy McKenney	The project is located at 25941 East Trimmer Springs Road crossing Hughes Creek in Sanger.	Fresno	Hughes Creek	To replace the existing culverts with a single span bridge across Hughes Creek.	N/A	Board staff has determined the project is exempt from CEQA under the Class 1 categorical exemption (CEQA Guidelines § 15301) because the proposed activity consists of replacing an existing structure. Further, none of the exceptions to the exemption in CEQA Guidelines Section 15300.2 apply
Posted 10/2/2018							
17590-2	Don Arnold	The project is located in the City of West Sacramento, at 970 River Crest Drive.	Yolo	Sacramento River	To authorize a 3,000-square-foot, two story private residence on a concrete slab foundation with concrete piers, and a driveway on the right bank overflow area (Lighthouse Marina) of the Sacramento River. This is also a "name change" permit and includes conditions that are consistent with current flood control standards and policies of the Central Valley Flood Protection Board. This permit supersedes Permit No. 17590 issued to Gregory S. Lutz on May 28, 2003	Maintenance Area 4	The proposed action is a name change and not a “project” pursuant to the Public Resources Code Section 21065 and CEQA Guidelines Section 15378(a) covering projects.

19138-2	County of Sacramento	The project is located on Morrison Creek at Zinfandel Drive approximately 0.1 miles downstream of the Mather Dam Spillway.	Sacramento	Morrison Creek	To remove three (3) existing 3-foot by 10-foot box culverts and headwalls and replace with three (3) 5.5-foot by 10-foot reinforced box culverts with headwalls.	N/A	<p>The Board, as a responsible agency under CEQA, has reviewed the Initial Study/Mitigated Negative Declaration (IS/MND) (SCH Number: 2016082063, August 2016) and Mitigation Measures for the Mather Dam Improvements Project prepared by Sacramento County as the lead agency. These documents including project design are available for review at the Board and County offices.</p> <p>The County of Sacramento determined that the project would not have a significant effect on the environment and filed a Notice of Determination on December 13, 2016 with the State Clearinghouse. Staff finds that although the proposed project could have a potentially significant effect on the environment, there will not be a significant effect in this case because revisions in the project have been made by or agreed to by the project proponent. The project proponent has incorporated mandatory mitigation measures into the project plans to avoid identified impacts or to mitigate such impacts to a point where no significant impacts will occur. These mitigation measures are included in the project proponent’s IS/MND and address impacts to biological resources and cultural resources. The description of the mitigation measures are further described in the adopted IS/MND.</p> <p>The documents and other materials which constitute the record of the Central Valley Flood Board’s proceedings in this matter are in the custody of the Executive Officer, Central Valley Flood Protection Board, 3310 El Camino Ave., Suite 170, Sacramento, California 95821.</p>

19292	Courtney Atinsky	The project is located at 14118 Market Street in Walnut Grove.	Sacramento	Sacramento River	To authorize: an existing six (6) foot tall redwood fence around the perimeter of the property, existing concrete steps on the landside levee slope, and an existing three (3) foot tall concrete retaining wall at the bottom of the landside levee slope.	Reclamation District 554	Board staff has determined that the project is categorically exempt from CEQA under a Class 1 Categorical Exemption (CEQA Guidelines Section 15301) covering existing facilities and minor alterations to existing facilities.
