

Central Valley Flood Protection Board

Executive Officer Delegation Report

Original Posting Date: September 10, 2020

Reposting Date: September 16, 2020

Number of Applications Scheduled: 5

Application Number: 13985-1

Applicant: Sacramento County Regional Parks

Location Description: The project is located in Discovery Park, upstream from the interstate 5 Bridge.

County: Sacramento

Stream: American River

Project Description: To remove and replace three picnic shelters within the American River channel. To authorize a fourth picnic shelter that has already been replaced.

LMA Endorsement: Sacramento Maintenance Yard

CEQA Finding: The project is exempt from CEQA under Class 1, Existing Facilities and Class 2 Replacement or Reconstruction categorical exemptions (CEQA Guidelines § 15301 and § 15302). The project involves the repair of public facilities involving negligible or no expansion in existing or former use. In addition, the project involves the replacement and reconstruction of existing structures that will be located on the same site and will have substantially the same purpose and capacity as the replaced structures. Further, none of the exceptions to the exemptions in CEQA Guidelines § 15300.2 apply.

Application Number: 19084

Applicant: Michael Mangunlay

Location Description: The project is located on the property at 53303 County Road 142 in Clarksburg.

County: Yolo

Stream: Sacramento River

Project Description: To install a prefabricated 8 feet by 30 feet boat dock, 3 feet by 50 feet aluminum gangway, 3.5 feet by 3 feet landing, and 3.5 feet by 18 feet stairs leading down from the top of the levee to the Sacramento River. Two 14 inches SCG 40 Steel Pipe Piles will be driven into the streambed to anchor the proposed dock.

LMA Endorsement: Reclamation District 150

CEQA Finding: Board staff has determined the project is exempt from CEQA under the Class 3, New Construction of Small Structures categorical exemption (CEQA Guidelines §15303) because the proposed project consists of the construction of new structures including a boat dock, gangway and stairs. Further, none of the exceptions to the exemption in CEQA Guidelines §15300.2 apply.

Application Number: 2149-1

Applicant: City of Marysville

Location Description: The project is located 0.5 miles southwest of the East 22nd Street and Levee Road intersection and about 0.3 miles east of the City of Marysville.

County: Yuba

Stream: Yuba River

Project Description: To remove approximately 20 linear feet of an existing 48-inch diameter outfall pipe on the overflow berm of the right (west) bank of the Yuba River and replace with a new 48-inch diameter concrete pipe; and to install a sheet pile wall and place rip rap at the existing pipe outfall structure. Construction work will also involve excavation of about ten (10) cubic yards of debris from the outfall channel and installation of a temporary coffer dam to prevent construction debris from entering the Yuba River.

LMA Endorsement: Marysville Levee District

CEQA Finding: Board staff has determined that the project is exempt from CEQA under the Class 1, Existing Facilities, and Class 2, Replacement or Reconstruction categorical exemption pursuant to California Code of Regulations, Title 14, Sections 15301 and 15302 (CEQA Guidelines). The proposed project consists of permitting the repair and operation of an existing public facility with no expansion of existing or former use. The proposed project also consists of the replacement and reconstruction of an existing structure on the same site with same purpose and capacity. Further, none of the exceptions to the exemptions apply (14 CCR § 15300.2).

Application Number: 19533

Applicant: Steven Bickley

Location Description: The project is located within the left (east) bank overflow area of the Sacramento River Designated Floodway, approximately 4 miles south of the community of Vina, adjacent to the Tehama County line.

County: Butte

Stream: Sacramento River

Project Description: To install three (3) photo voltaic ground mounted solar arrays producing 30.7 kW. The arrays will cover a total space of approximately 48 feet by 64 feet and each utilize 2-inch metal poles spaced at approximately 8 and 8.5 feet apart. To authorize an existing 100 HP irrigation pump to be powered by the new solar array.

LMA Endorsement: Butte County Public Works

CEQA Finding: Board Staff has determined that the project is exempt from CEQA under class 1, Existing Facilities and Class 3, New Construction or Conversion of Small Structures categorical exemptions (CEQA Guidelines Sections 15301 and 15303), because the activity consists of permitting an existing private facilities involving negligible or no expansion of an existing or former use. The project involves the installation of new solar equipment and facilities. Further, none of the exceptions to the exemption in CEQA Guidelines § 15300.2 apply.

Application Number: 7611-1

Applicant: Recology, Yuba Sutter

Location Description: The project is located near the right (west) bank of the Yuba River, within the Yuba River Designated Floodway, approximately 4 miles upstream from the confluence with the Feather River, just northeast of the City of Marysville.

County: Sutter

Stream: Yuba River

Project Description: To authorize existing private levee features within the Yuba River Designated Floodway which includes a 6-foot chain linked fence, access ramps, gate, and approximately 115 linear feet of 24-inch diameter Corrugated Metal Pipe (CMP) with waterside concrete headwall and flapgate.

This is also a "name change" permit that includes conditions that are consistent with current flood control standards and policies of the Central Valley Flood Protection Board. This permit supplements Permit No. 7611 that was issued to Mr. Victor Marogna on 10/8/1971 to construct a private levee and excavate material from the right bank overflow area of the Yuba River.

LMA Endorsement: N/A

CEQA Finding: Board staff has determined the project is exempt from CEQA under the Class 1, Existing Facilities categorical exemption (CEQA Guidelines § 15301), because the proposed activity consists of permitting existing private levee features. Further, none of the exceptions to the exemption in CEQA Guidelines § 15300.2 apply.
