

Central Valley Flood Protection Board Meeting

June 23, 2023

INFORMATIONAL BRIEFING

Item 10G – Staff Activity Report

BRIEFING SUMMARY

Background

The Central Valley Flood Protection Board's (Board) Flood Planning and Programs Branch (FPPB) serves as the flood and multi-benefit planning experts at the Board. FPPB coordinates and collaborates with a wide variety of local, state, and federal agencies on various plans and programs, including the Central Valley Flood Protection Plan (CVFPP), Conservation Strategy (CS), Yolo Bypass Cache Slough (YBCS) Partnership, Yolo Bypass Cache Slough Master Plan, Yolo Bypass Comprehensive Study, Water Resilience Portfolio, Sustainable Groundwater Management Act and associated Groundwater Sustainability Plans, and the Sacramento San-Joaquin Drainage District (SSJDD) Assessment District Feasibility Study

Presentation

Staff will provide updates on the Flood Planning and Programs Branch's recent and upcoming activities including those related to the plans and programs listed above. Each member of the FPPB Branch will be introduced and Branch manager, Ruth Darling, will present.
